

## AirVision & Stranich, Stronger Together

This year, Air Vision celebrates its 25th anniversary. Since the beginning of our journey, we have continuously advanced our product ranges to offer you the ideal fan for your application, almost without any limits. We are proud to announce that we have entered into a new partnership with STRANICH, an undisputed reference in Heavy Duty centrifugal fans. Consider these impressive facts about STRANICH:

- A manufacturer of centrifugal fans since 1928.
- A benchmark in the Oil & Gas sector, a tremendously demanding market.
- A range that includes Turbo Fans capable of up to **450mbar** pressures, boasting high efficiency thanks to innovative technology.
- Fans with capacities up to **2,400,000 m<sup>3</sup>/h** and **8,000 kW** of installed power.
- Compressors for **150,000 m<sup>3</sup>/h** in API 672 & 617 execution.
- Axial fans up to **1,600,000 m<sup>3</sup>/h**, **200 mmCe**, and **650 kW**.
- A **unique test bench in Europe** for motors of **5 MW** and voltages up to **11000V**.
- A range of control registers for all offered ranges.

For anyone with a solid understanding of the technical limits of an industrial fan, these figures are nothing short of impressive. This complete range perfectly complements our existing offerings at all levels, and we are eager to propose them in your most demanding projects.

Your technical advisor will be delighted to provide you with more detailed information about these new products and services.

Looking forward to new adventures,

Team AirVision
