

## Dive into the heart of industrial fans with AirVision

The virtual reality showroom – An evolution in industrial ventilation

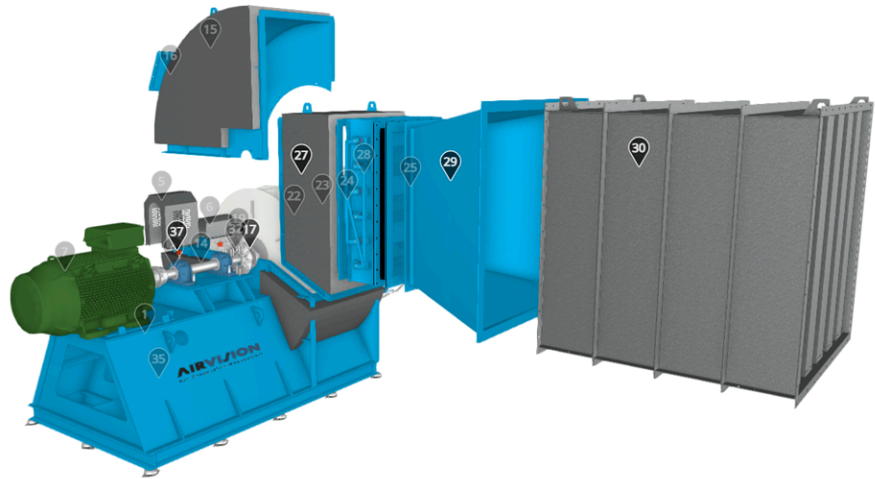

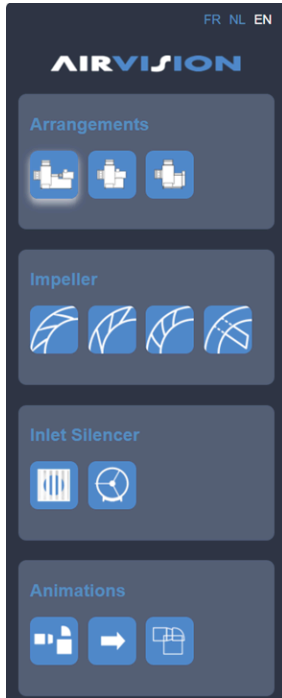

Welcome to the era of immersion with our new virtual showroom. AirVision transforms over a decade of dreams into an immersive reality. Come discover our virtual showroom [here](#).

Explore fans interactively in 3D

Thanks to major technological advancements, especially in **3D and augmented reality** (AR), we have created a space where every detail of industrial fans comes to life. Explore various technical configurations, from 3D visualization to complex arrangements, all within an interactive virtual environment.

## Training and Awareness: Beyond Technology

AirVision's virtual showroom is not just a technical feat, it's also an educational tool. It allows for a deeper understanding of fans, benefiting technicians as well as logistics managers and after-sales services, for example.
